

Travel Brochure

You will be creating a travel brochure for your assigned country. Your brochure should highlight the positive aspects of your country such as the attractions, landmarks, culture, geography, climate, and other things that would make someone want to visit your country. This will be easier for some countries than others. You must also include the problems and issues of the country but do not include a picture for this section.

Creating a Brochure with Publisher:

1. Open Publisher
2. Select Brochures
3. Choose a template from the Informational Category
4. You may choose any color scheme
5. You will need to add text boxes, delete sample writing and graphics, and add your own images to really customize the brochure.
