## Author Visit to Godwin School Friday, January 25

### About the Books

When a small robot named Z discovers a message in a bottle signed "Love, Beatrice," they decide to find out what "love" means. Unable to get an answer from the other robots, they leave to embark on an adventure that will lead them to Beatrice—and back home again, where love was hiding all along.

...an adorable and imaginative twist on the tale of Snow White...Sweet Snow Pony is loved by all for her beautiful coat as white as snow and her mane as black as ebony.

Children come to her farm from all over just to have her braid their hair and teach them line dancing. But not everyone loves Snow Pony. Jealous Queenie hatches an evil plan to make Snow Pony run away from the stable by planting a trail of apples into the woods and before long Snow Pony is lost! Full of delicious apples but all alone in the woods, Snow Pony stumbles upon the home of seven miniature ponies. The mini-ponies couldn't be cuter, especially with Snow Pony's braids, but they don't have quite the same moves as the kids back on the farm. Will her new friends help her find her way home? Or will the evil Queenie get her way?

We are delighted to announce that best-selling children's book author and illustrator Jessie Sima will visit Godwin School on Friday, January 25 to discuss her new book, *Love, Z* as well as other titles. The author will be speaking to students in grades K-2.

An author visit is a wonderful opportunity for young readers to meet the creators of the books they read, and we have arranged for both students and teachers to purchase autographed copies of their books. Please consider extending this learning experience through the purchase of an autographed book.

### About the Author

Jessie Sima is an author/illustrator living and working in New York City. She grew up in a small town in Southern New Jersey, unaware that she was a storyteller. ### About the Books continued

Growing up in the ocean, Kelp has always assumed that he was a narwhal like the rest of his family. Sure, he's always been a little bit different—his tusk isn't as long, he's not as good of a swimmer, and he really doesn't enjoy the cuisine.

Then one night, an extra strong current sweeps Kelp to the surface, where he spots a mysterious creature that looks just like him! Kelp discovers that he and the creature are actually unicorns. The revelation leaves him torn: is he a land narwhal or a sea unicorn? But perhaps, if Kelp is clever, he may find a way to have the best of both worlds.
